Work Experience

Front-End Developer, Freelancer (2020 - 2024)

Design and Development of Websites integrated with CMS.

Career Break for Medical Reasons (2020 - 2023)

Took a career break to focus on cancer treatment and recovery, while continuing to freelance and stay up-to-date with industry trends. During this time, I discovered a passion for design and web animations. Now fully recovered and actively seeking new opportunities.

Web Developer, Construtiva TI (July, 2018 - 2020)

Development and maintenance of websites integrated with CMS, with focus on Front-End.

Troubleshooting and bug resolution in software.

Client communication, requirement gathering and delivery of results.

Collaborated with the team to design and implement new features and provided training for interns.

Support, Construtiva TI (January, 2018 - 2019)

Customer support and technical assistance for web systems via chat, email, calls and meetings.

Escalation of issues to appropriate teams or individuals for resolution.

Development of training materials and documentations.

Provided training of the CMS to users and new team members.

Managed client's Google Workspaces such as Tag Manager, My Business (for SEO) and Email Accounts.

DNS zone management.

Systems Technician, National Community Schools Campaign (2013 - 2014)

Support for teachers and students in the college registration system.

CSS and HTML maintenance.
